Especial interest attaches to the Washington-Central game, the good work of the local college recently having given its au-herents strong hopes for the remainder of the season. On form it appears that Washington should defeat Central to-day, although the latter eleven has been doing

some good work this year. Both games will start at 2 o'clock. In the St Louis University-Glen Carbon game the

Great interest will be taken in the football games scheduled for to-day in all parts of the country, games of importance being eranged for both East and West. In the East, the Harvard-Pennsylvania match will attract most notice, while in the West the Chicago-Northwestern game and the lowallinois line-up will be the centers of interest.

Iowa and Illinois will meet on Iowa Field at Iowa City, and a record-breaking crowd for that city is expected. Reports from the town announce that already arrangements have been made to run trains from all sections of the State, the good work of both elevens having made the game an affair of interstate importance.

Illinois has one of the best teams in the West this season, and from its past record should win the game. Captain Williams will lead the lows boys and will continue to captain the team until the Michigan game, which will close the season. His successor will then be elected, most probably Bert Watters, the present right half, the played right end on the 1899 and 1990 teams, and was shifted to right half when University at Des Moires.

Michigan will play the Ohio State College at Columbus to-day, and the result is a foregone conclusion, as it is doubtful whether Ohio will even score. The Buckeye eleven has been doing some good work late-ly, but it will line up against the strongest team in the West and seems doomed to

team in the West and seems doomed to certain defeat.

Last season the Ohio team journeyed to Ann Arbor, supported by nearly 1,000 rooters, and succeeded in holding the Michigan eleven down to a tied score, 0-0. Reports from Columbus indicate that great enthusiasm is felt over the game in that city, and that the O. S. U. team expects to score against Michigan. This last point is more than doubtful, however, in the minds of those who have followed the work of both teams.

Ohio is somewhat crippled by the removal Ohio is somewhat crippled by the removal of the two Sigrists from the line, John Sigrist having been killed accidentally in the game with the Western Reserves a fortinght ago, his brother then withdrawing from the team. Paul Hardy, Ohlo's crack quarter back, has also withdrawn from the game on short notice, on account of parental interference, while Bulen, right half back, has been kept out oft he game by parental orders, since the Sigriet accident, Taking everything into consideration, Michagan is practically certain to win.

Harvard and Pennsylvania will meet at Philadelphia to-day and the game will be watched with the greatest interest on ac-count of being the first meeting between two of the "Big Four" elevens. Harvard will win the game, it is practically certain, but Pennsylvania is certainly going to put up as desperate a fight as its condition will permit. permit.
Pennsylvania's last game was with Columbia, the latter college winning, II to 6. Harvard's game last Saturday with Brown University resulted in a victory for Harvard by a score of 48 to 6. Pennsylvania only beat Brown 25 to 6. October IZ, when the Quakers were in better condition than they are reported to be at present, so Harvard looks to have a walkover in the game.

The Manual Training School and Moore's School of Elocution will meet to-day at Trenton, Ill., the game being scheduled for 2.30 this afternoon. The High School second team will play the Kirkwood Military Academy on their grounds at Forest Park this morning.

The Spaulding Tigers and the Carondelet Tigers will meet to-morrow at Handlan's Park, the line-up of the Carondelets being as follows: Stillwell, right end: Smith, right guard; O. Smith, right tackle: Murphy, center; Burton, left guard; Garde, left

Things Interesting for Harvard. Philadelphia, Pa., Nov. 3.—The first annual games among the "Big Four" football elevens will be played to-morrow, when the University of Pennsylvania and Harvard teams will meet on Franklin Fleid. The Cambridge players arrived here to-day, and their coaches announce them to be in almost perfect physical condition. The Quaker men are also reported to be in fine fettle. Coach George Woodruff has announced to the football world that the red and blue eleven will spring a new style of play in the attack that will "revolutionize football and cause a furore in the football world." In this announcement Pennsylvanians lay their hope, and it remains to be seen whether it will be as effective as Woodruff's celebrated "guards back." The Harvard contingent is not saying much to-night in regard to the promised new play, because they claim to have no definite knowledge as to what it is. But they express the greatest confidence as to the ultimate outcome of the game.

5 to 2 against Rublin is a fair price.

It is said that no one is more surprised over the liberality of the odds than Rublin. This big blonde son of the Norsemen is a hard fellow to discourage. He is both gritty and sanguine. He pooh-poohs the idea of apparent superiority of the Jeffries record to his being recognized as the best basis to figure on the chances of the coming fight. He ismply regards Jeffries and himself as rivals for the championship. He instances that his prospective opponent and himself are both big, young, strong and seasoned to the hardships of the ring. and seasoned to the nardships of the ring.
At the worst, it seems to him that the

His private opinion is that the wrong man

As it stands now, both men are in grand shape for the fight, and as evenly matched as any two heavy weights who ever fought. They are giants in stature, and should pu up the battle of the century. The winner will in all probability have good reason to remember the contest for many a day.

by George Thierry and was welghed again, making the same figure as carifer in the day.

Colonel John D. Hopkins, who was informed of Forbes's welght, announced that he will make good the latter's forieit in this city and the money will be posted to-day. Forbes has already posted \$500 with P. J. Glimore of Chicago, but upon Daugherty's demand for a second forfeit, to be posted in this city, Colonel Hopkins stepped into the breach and will make good to-day.

From all indications Daugherty wanted to get out of the match if possible, hence his fixing the weight at 115, a figure he did not believe that Harry could make. He has asked a larger forfeit than is usually demanded championship matches, but all his demands have been complied with. There will now be no excuse, according to Porbes, to keep Daugherty out of the ring Monday.

Joe Stewart will referee the fight next Monday evening. Stewart is well known, locally, as a referee, and officiated at the McCoy-Stift bout at the Coliseum two years ago. The match should be the fastest yet seen in this city.
